# CLC's Mission: To empower and support students to **ACTIVELY** own their learning.

In order to achieve this goal, we have committed to:

- respecting our students
- listening to our students
- honoring our students' academic choices
- developing our students' awareness of their unique learning styles
- supporting, guiding, and encouraging students to become self advocates
- communicating and building positive and successful relationships with students' education support teams (primarily: parents and teachers)
- laughing with our students (a little humor goes a long way)

We have been working with home school families, students and curriculum providers for over a decade, and our services are specifically designed to meet your unique needs!

We know that home schooling your student can be tough. At CLC, we'll help you customize a program so that you get just the right amount of support!

### Home School Services:

- Free curriculum consultations
- Curriculum instruction and support for parents
- Primary and secondary instruction in selected subject areas for students
  - Formal feedback in the format of your choice (e.g. standards based, narrative based etc.)
  - Attend and provide feedback at meetings with all members of the students education team

# Free Curriculum Consultations

There are a lot of curriculum options out there. How do you know which one is right for your student? Don't worry we can help!

- We have been working with a variety of curricula and online options for over a decade. Let us share our knowledge with you!
- We will begin by listening to your family's unique needs and your evaluation of your student's learning style. We will use this information to make a recommendation, but the decision is still yours!

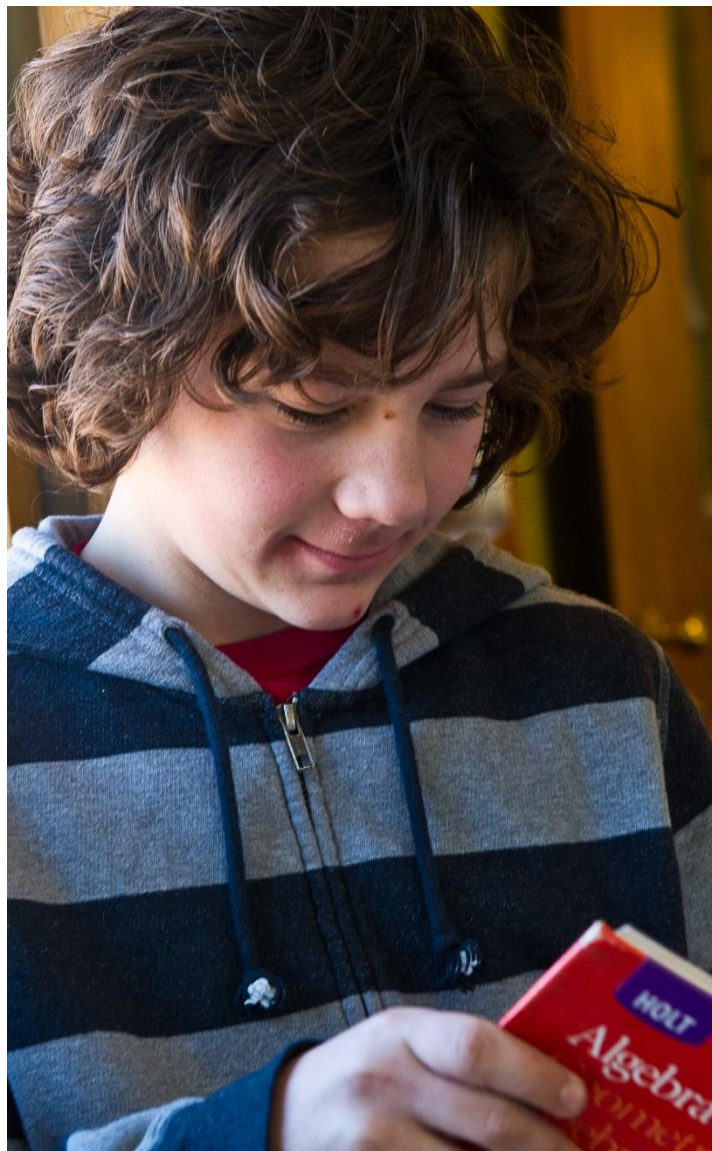

## Curriculum Instruction and Support for Parents

If you are struggling with implementing a given curriculum or even a tough concept, we can help.

- We provide instruction and support to parents in implementing your chosen curriculum, effectively evaluating your student, or teaching alternative instructional methods.

## Secondary Instruction at CLC

Sometimes, you not feel like you have time to learn a new teaching method or be creative. We can help!

- If there is a specific concept your student is struggling with or that you are struggling to explain, we can explain it another way. You can schedule just one appointment for reinforcement, or you can schedule a weekly appointment.
- We can also design hands-on enrichment projects based on your students specific interests and curriculum!

# Primary Instruction at CLC

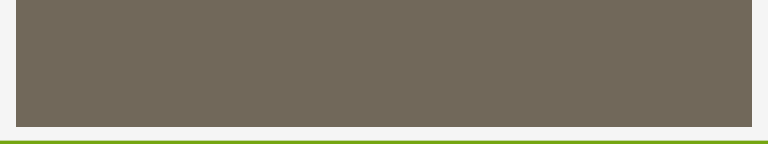

Sometimes, there are specific content areas or subjects that our home school parents prefer not to teach their children. We can help!

- Our certified teachers or qualified tutors can serve as a primary instructor in the subject area(s) of your choice.
- We provide flexible scheduling based on your needs.
- We provide formal feedback based .
- We also provide a place for your student to work before, after, or between classes.
- We attend meetings with your student's education team and provide specific feedback as requested.

- In the past ten years, we have worked with elementary, middle, and high school students in a variety of capacities (from being the primary instructor in one subject area to being the primary instructor in all subject areas.
- We provide customized tuition contracts based on the services you utilize.

Empowering students to own their  
education begins by giving and honoring
